  - Find a colleague who is interested in learning more about educational technology
  - Download and complete the application stating why you would like to attend
  - Describe how you intend to share the information gained by attending this conference with others from your district

Two team scholarships for a full day at the Christa McAuliffe Technology Conference are granted. These two team scholarships are given annually in memory of Chuck's belief in the potential of teamwork and the power of high-quality professional development.

Successful teams will consist of 8 and 12 members from a school system, including a broad representation of roles (teachers, administrators, school board members, and others). Your application should include a list of members and your reason for applying. It should also signify your willingness to use the results for improving the integration of technology in your schools.
