CO-SPONSORED BY THE
NH School Administrators Association **NHSAA NH**
Affiliate of ISTE **NHSTE**

IN PARTNERSHIP WITH THE
NH School Library Media Association **NHSLMA**
NH Association of School Principals **NHASP**
NH CoSN Affiliate **NHCTO Council**

Suggested Presentation Topics

In support of the statewide and nationwide efforts to develop FUTURE READY schools and education professionals, CMTCC22 has aligned our presentation topics with the FUTURE READY FRAMEWORK GEARS.

Curriculum, Instruction, & Assessment

- * 21st Century Skills/Deeper Learning
- * Personalized Learning
- * Collaborative, Relevant, & Applied Learning
- * Leveraging Technology
- * Assessment—Analytics Inform Instruction

Personalized Professional Learning

- * Shared Ownership & Responsibility for Professional Growth
- * 21st Century Skill Set
- * Diverse Opportunities for Professional Learning Through Technology
- * Broad-Based, Participative Evaluation

Budget & Resources

- * Efficiency & Cost Savings
- * Alignment to District & School Plans
- * Consistent Funding Streams
- * Learning Return on Investment

Collaborative Leadership

- * Shared, Forward-Thinking Vision for Digital Learning
- * Culture of Collaboration, Innovation, Capacity Building, & Empowerment
- * High Expectations for Evidence-Based Transformations to Digital Learning
- * Transformative, Coherent Thinking, Planning, Policies, & Implementation

Community Partnerships

- * Local Community Engagement & Outreach
- * Global & Cultural Awareness
- * Digital Learning Environments as Connectors to Local/Global Communities
- * Parental Communication & Engagement
- * District/School Brand

Robust Infrastructure

- * Adequacy of Devices; Quality & Availability
- * Robust Network Infrastructure
- * Adequate & Responsive Support
- * Formal Cycle for Review & Replacement

Use of Space & Time

- * Flexible Learning; Anytime, Anywhere
- * New Pedagogy, Schedules, & Learning Environment for Personalized Learning
- * Competency-Based Learning
- * Strategies for Providing Extended Time for Projects & Collaboration

Data & Privacy

- * Data & Data Systems
- * Data Policies, Procedures, & Practices
- * Data-Informed Decision Making
- * Data Literate Education Professionals

Getting back to a new and improved normal for CMTCC22!

- We are excited to announce that CMTCC22 will offer Monday PreConference workshops, 2 onsite conference days, and a robust 4-day virtual conference experience offering more live streamed concurrent sessions.
- All Monday PreConference workshops will be conducted face-to-face.
- Tuesday and Wednesday offer the typical onsite conference events including concurrent sessions, BYOD workshops, the Collaboratory MakerSpace, and our solution partners in the Partner Pavilion.
- Monday and Thursday provide virtual concurrent sessions and BYOD workshop.
- Both Tuesday and Wednesday offer 12 live stream (and recorded) concurrent sessions plus luncheon keynotes for virtual attendees.

Happening in 2022 ~ CMTC22 includes Monday PreConference workshops, TWO full ONSITE conference days (Tuesday and Wednesday), and FOUR days of VIRTUAL content (Monday through Thursday). Concurrent sessions and BYOD sessions will be offered in both ONSITE and VIRTUAL formats. The Collaboratory MakerSpace will be ONSITE only. Individuals representing all academic disciplines, all instructional levels, and all aspects of instructional technology are encouraged to submit proposals.

STUDENT VOICE in 2022

Students across the nation have experienced a year of remote learning followed by a year of the "new normal". We seek to hear their voice, discover their reactions, and learn of their experiences. CMTC22 seeks student-led and/or co-lead presentations accompanied by an educator or parent for all presentation options ~ both onsite and virtual. Proposals including student perspective will be given priority review and acceptance. All proposals must be submitted by midnight, Monday, June 6th.

Monday PreConference Workshops Onsite ONLY

Intensive hands-on sessions comprise the PreConference Workshops offered on Monday during both the day and evening. Workshops offered during the day generally provide 3 or 6 hours of learning and evening workshops generally provide 2 or 3 hours of learning. All of these workshops are offered as in the "Master It and Take It" (MITI) and/or Bring Your Own Device (BYOD) format, meaning participants will receive a device included in the workshop registration fee (MITI) or bring their own device (BYOD). Devices offered in the past include Chromebook, iPad, robotic kits, digital/document camera, or other instructional learning tool. Workshop topics are generally platform neutral, web-based, and/or device specific. Necessary software must be available via the web or provided as part of the workshop registration fee. Monday PreConference workshops will be offered ONSITE only.

50-Minute Concurrent Sessions Onsite AND Virtual Options

Both virtual and onsite concurrent sessions are 50 minutes long. Onsite concurrent sessions will be scheduled on Tuesday and Wednesday during four time blocks, two before and two following the keynote luncheon. Virtual concurrent sessions conducted via Zoom will be scheduled on Monday, Tuesday, Wednesday, and Thursday. You are invited to submit an onsite or virtual proposal for an interactive demonstration or panel discussion session that promotes the conference themes.

BYOD Hands-on Workshops Onsite AND Virtual Options

BYOD (Bring Your Own Device) Hands-on Workshops range from 60 to 120 minutes. These onsite or virtual workshops are intended to be a hands-on, interactive experience. With the concurrent sessions now 50 minutes long, this is the format for engaging your participants in discussion, experimentation, and in-depth discovery. Onsite BYOD workshops are scheduled on Tuesday and Wednesday during the day as well. Capacity limits to be determined in the fall ~ all onsite sessions are first-come, first-served. Virtual BYOD workshops conducted via Zoom may be scheduled on Monday, Tuesday, Wednesday, and/or Thursday ~ specific times to be determined. Any software necessary for participating in BYOD workshops (onsite or virtual) will need to be available via the web.

Collaboratory MakerSpace Onsite ONLY

Onsite both Tuesday and Wednesday, CMTC22 offers the Collaboratory MakerSpace located in the Partner Pavilion. Facilitated by our conference partner the NH School Library Media Association (NHSLMA), the Collaboratory MakerSpace is dedicated to highlighting "making" as learning. Both morning and afternoon Collaboratory MakerSpace demonstration times will be available, share your strategies highlighting the potential of "making learning" in learning environments. Share how you engage students in the love of reading and books.

PLEASE NOTE

Due to the shortage of substitute teachers and potential health guidelines that may persist into the fall, the CMTC22 Steering Committee seeks to offer a variety of options (face-to-face and virtual) for an engaging, exciting, and rewarding conference experience. The ways in which we adapt may impact the types of conference opportunities offered and the times when they are scheduled. We look forward to receiving your proposals!

Benefits • Responsibilities • Deadlines

Benefits

- * Onsite 2-hour and 3-hour Monday PreConference Workshop presenters have the option of a \$100.00 honorarium OR 1 free conference registration including lunch for the day of their choice.*^
- * Onsite 6-hour Monday PreConference presenters have the option of a \$200.00 honorarium OR 2 free conference registrations including lunches.*^
- * Onsite Concurrent Session and BYOD Workshop presenters and ONE co-presenter receive free onsite conference registration including lunch the day of their presentation(s).*
- * Onsite Collaboratory MakerSpace presenters receive free onsite conference registration including lunch the day of their presentation(s).
- * Virtual concurrent Session and BYOD Workshop presenters and ONE co-presenter receive free virtual conference registration (virtual conference registration includes all virtual events Monday through Thursday ONLY).*

Responsibilities

- * Virtual and onsite presenters are responsible for preparing and posting copies of any necessary participant handouts and/or resources using the Conference Extensions section of the CMTC website to preserve natural resources.
- * Virtual and onsite presenters must provide their own computing device(s)/ peripheral(s)/ application(s) required for the presentation.
- * Onsite presenters will be provided with wired Internet and projection capability in ALL presentation rooms. Additional AV equipment, for example, monitor/ DVD, document camera, or speakers, may be available if requested in advance.
- * Virtual presenters must have access to the conference provided Zoom account.

Deadlines

Proposals must be submitted using the online Call for Presenters application by **Monday, June 6th.**

Access the online submission application using the quick link on the home page of the conference website
~ www.nhcmtc.org.

Proposals may be submitted online beginning **Monday, May 9th.**

It's as easy as 1, 2, 3...

1. Go to www.nhcmtc.org and click on "PRESENT" in the top right-hand corner of the home page.
2. Hover over the Registration tab and select Proposal Submission Process.
3. Follow the directions for each step of the proposal process.

You will receive an email confirming receipt of your proposal within 24 hours, as well as a confirmation email in mid-July if your session is chosen for inclusion in the conference offerings.

* The conference is able to provide these registration benefits for a maximum of two (2) presenters for each session. Additional presenters must register & pay for the conference.

^ The PreConference honorarium is only available for one (1) presenter & is given in lieu of any free days.
